# APT Concierge / 05

Home to some of the oldest cultures and rarest ecosystems on the planet, the remote Kimberley region has remained largely untouched for thousands of years. This means curating timeless adventures through these precious landscapes comes with a great deal of responsibility to protect both the natural environment and the culture of local Indigenous communities. At APT this is something we take very seriously – this is our commitment.

#### **Supporting Indigenous Communities**

To put it simply, our adventures through the Kimberley wouldn't be possible without our long-standing Indigenous partnerships, and we are committed to maintaining them. Whether it be through providing employment opportunities or making donations to local communities, we work hard to make sure the Indigenous communities of the Kimberley continue to thrive for years to come. Some of our partners include the Kimberley Foundation Australia, the Kandiwal Community, Wunan Foundation, and the Imintji Community.

#### **Advanced Excellence in Ecotourism**

The fact that we are the only major tour operator in the Kimberley region with an Advanced Ecotourism certification speaks volumes, and reflects just how committed we are to maintaining the environmentally sustainable practices we've adopted over the years across our network of wilderness lodges. In 2021, we mark 15 years of our Advanced Ecotourism certification, and we are proud to continue offering experiences that have minimal impact on the region's pristine natural environment.

Transfer from Kununurra to Wyndham, where you will be welcomed on board your ship. A relaxed dinner this evening allows you the chance to meet your fellow travellers and sets the tone for the next nine nights on board your expedition small ship. **D**

Nine Nights: MS Island Sky.

### Day 02: Koolama Bay, King George River and Falls

★ Wake this morning as your ship cruises into Koolama Bay. Hear how this harbour was renamed following the Japanese bombing of the MV Koolama in 1942. Next, it's on to King George River. Join your expedition team and jump aboard a Zodiac to meander through the river's gorge system, passing hidden mangrove-fringed coves and soaring red cliffs. Anticipation builds as your Zodiac approaches King George Falls, which plunge 80 metres over a sandstone cliff. Edge closer to this epic cascade and learn how it turns to a raging torrent during the monsoonal wet season. **BLD**

### Day 03: Vansittart Bay, Jar Island

An intriguing exploration of Vansittart Bay awaits today. Join your expedition team and set out across the bay's vast salt flats to view the wreckage of a US Air Force C-53 that crash landed on the beach during World War II. Later,

step ashore at Jar Island and see examples of mysterious Bradshaw (Gwion Gwion) paintings, dating back some 20,000 years. **BLD**

### Day 04: Bigge Island

★ Discover Bigge Island today, known for its Indigenous rock art created by the Wunambal people. See examples of first-contact art depicting European tall ships dating from the 15th to 18th century in caves throughout the island. Having been repainted annually for the past 5,000 years, the images are thought to be the oldest continuous sacred-painting tradition on the planet. Return to your ship and perhaps dine al fresco this evening. **BLD**

### Day 05: Prince Frederick Harbour, Hunter River, Mitchell Falls

Your expedition ship arrives at Prince Frederick Harbour today, home to towering red cliffs and mangroves. With its extreme tides and pristine ecosystems, the harbour is home to a wide variety of wildlife, including saltwater crocodiles and mudskippers. For the keen birdwatchers among you, be sure to keep an eye out for kingfishers, egrets, herons and white-bellied sea eagles. Then, once again, it's time to jump aboard your trusty Zodiac vessels, this time for an exhilarating exploration of the Hunter River and Naturalist Island. As your day of discovery draws to a close, you might choose to set out on a helicopter flight and view Mitchell Falls from above (own expense). **BLD**

**Above** King George River and Falls / **Right** Adele Island

#### **Day 06: Careening Bay, Prince Regent Reserve, St George's Basin**

Reach Careening Bay today, home to the historic Mermaid Boab Tree. It was here in 1820 that Lieutenant Phillip Parker King used the area's massive tides to beach his damaged ship, the HMC Mermaid. During this time, King's carpenter carved the ship's name into a boab tree that overlooks the bay. Continue on to Prince Regent Nature Reserve, only accessible by boat. Explore this protected area and see why it is recognised as a national biodiversity hotspot. Next, it's on to the untouched coastal area of Hanover Bay. While you're here, you might like to hop aboard your Zodiac for an enthralling visit to St George's Basin. If the tide allows, perhaps catch a glimpse of a saltwater crocodile, among other marine life. Enjoy dinner back on board this evening. **BLD**

#### **Day 07: Montgomery Reef, Doubtful Bay, Raft Point**

⚙️ Excitement builds this morning as you join your expedition team for an in-depth exploration of Montgomery Reef by Zodiac. Witness the reef rise out of the ocean as the tidal waters

cascade rapidly into the surrounding channels. Keep an eye out for unique bird life and turtles who may pop their heads up from time to time. Then, leave this natural phenomenon behind and cruise through Doubtful Bay, a hotspot for whale watching during the season. Later, step ashore at Raft Point to visit an ancient Wandjina rock art site. These unique art figures are ritually repainted each year, however scientific estimates show that the originals date back as far as 5,000 years. When available, a local Indigenous guide will join you. **BLD**

#### **Day 08: Talbot Bay, Horizontal Falls**

⚙️ Today your ship cruises through to Talbot Bay, known for its epic 12-metre tides that create an astonishing natural spectacle, the Horizontal Falls. Subject to tidal conditions, set out on a thrilling ride through the falls aboard a high-powered fast boat. Hold on tight as your boat skims across Talbot Bay to the mouth of the falls before making its way through the churning waters. The adventure continues as your Zodiac explores Cyclone Creek. See dramatic folds in the rock formations as you navigate through the creek, accompanied by your expedition team member. **BLD**

## **An Intriguing Natural Wonder**

Tucked away in Talbot Bay, just north of Derby, lies one of the most powerful natural spectacles you could possibly imagine. The bay is separated from the ocean by two narrow strips of rugged ochre cliffs, and during the highest tides, up to one million litres of water rush through the gaps every second. This creates one of the largest regular tidal changes in the world – the Kimberley's Horizontal Falls.

---

### Day 09: Buccaneer Archipelago, Adele Island

There's promise of yet more turquoise waters today as your ship arrives in the Buccaneer Archipelago, home to more than 800 islands. Cruise to Adele Island and join your expedition team member for an exploration of this remote coastal area by Zodiac. The island is surrounded by Adele Reef, teeming with an array of coral and marine life, including reef sharks and stingrays. Back on board, toast the end of an epic adventure during a farewell dinner. Then, take in the amber glow of a Kimberley sunset for the last time as your ship sets sail towards Broome. **BLD**

### Day 10: Disembark Ship, Depart Broome

Arriving into Broome this morning means it's time to say goodbye to your ship and to be transferred to the airport. **B**

### Day 01: Arrive Broome, Embark Ship

Welcome to Broome, a former pearling port and an ideal stepping stone to your Kimberley Coast adventure. After your arrival on the stunning Indian Ocean coast, we will transfer you to your luxury ship, Le Bellot. Get to know your Expedition Team and APT Cruise Director at a welcome briefing before dinner. **D**

10 Nights: Le Bellot.

### Day 02: Adele Island, Buccaneer Archipelago

Wake to the promise of adventure at sea as the Buccaneer Archipelago sprawls out before you with its more than 800 islands, Le Bellot charts a course for Adele Island, an important location for breeding seabirds including the lesser frigatebird and the brown booby. Led by your Expedition Team Leader, you'll board a Zodiac and skim across the turquoise waters of Adele Reef to your island destination. The reef is bursting with coral and marine life, such as reef sharks and stingrays. Later, back aboard, cocoon yourself in Le Bellot's refined setting and watch the amber glow of a Kimberley sunset before dinner this evening. **BLD**

### Day 03: Talbot Bay, Horizontal Falls

★ Today your ship cruises through to Talbot Bay, known for its massive 12-metre tides that create the unique Horizontal Falls. Subject to

tidal conditions, you'll board an exhilarating ride through the falls on a specially designed high-powered fast boat. Hold on tight as the boat zips across Talbot Bay to the mouth of the falls before making its way through the churning waters. Your adventure continues as you transfer to a Zodiac to explore Cyclone Creek. Accompanied by your Expedition Team Leader, you'll weave nimbly past the dramatic folds of rock formations, keeping a look out for local wildlife. **BLD**

### Day 04: Raft Point, Montgomery Reef

★ Step onto dry land at Raft Point to visit an ancient Wandjina rock art site. The unique figures depicted in these artworks are ritually repainted each year, but scientific estimates date the originals as far back as 5,000 years. You'll be joined by a local Indigenous guide when available. Excitement builds this morning as you join your expedition team to discover Montgomery Reef by Zodiac. The reef 'rises' out of the ocean as the tidal waters cascade rapidly down into the surrounding channels. By Zodiac you'll get up close to see this natural phenomenon for yourself. **BLD**

### Day 05: Prince Frederick Harbour, Hunter River, Mitchell Falls

You are transported to Prince Frederick Harbour today, which is home to towering red

cliffs and tangled mangroves. With its extreme tides and pristine ecosystems, the harbour is rich in wildlife including mudskippers and saltwater crocodiles. Keen birdwatchers should keep a careful eye out for kingfishers, egrets, herons and white-bellied sea eagles. Stepping out from the sleek comfort of Le Bellot to your trusty Zodiac, it's hard to believe you're at Australia's final frontier, this time to explore the Hunter River and Naturalist Island. As your day of discovery draws to a close, you might choose to set out on a thrilling helicopter flight to see the Mitchell Falls in all its splendour from above (flight at own expense). **BLD**

#### Day 06: Bigge Island

★ Approximately six kilometres from the mainland, Bigge Island is ripe for discovery today. It's well known for its Indigenous rock art, created by the Wunambal people, and you'll explore a network of caves throughout the island. Here, discover paintings that display fascinating examples of first-contact art and Wandjina figures. **BLD**

#### Day 07: Swift Bay

Explore this maze of islands, inlets and peninsulas, believed to have been named by explorer Lieutenant Phillip Parker King after novelist Jonathan Swift, author of *Gulliver's Travels*. Most significant here are extraordinary examples of Wandjina and Bradshaw (Gwion Gwion) rock art, estimated to have been created between 5,000 and 13,000 years ago. They can be seen in caves close to the water's edge, mainly painted on rock overhangs. **BLD**

#### Day 08: Vansittart Bay, Jar Island

This morning join your Expedition Team on an intriguing discovery. Walk across salt flats to view the wreckage of a US Air Force DC3 which crash-landed near Vansittart Bay during World War II. #### Day 09: Koolama Bay, King George River and Falls

★ Wake this morning as your ship cruises

## An Intriguing Natural Wonder

Tucked away in Talbot Bay, just north of Derby, lies one of the most powerful natural spectacles you could possibly imagine. The bay is separated from the ocean by two narrow strips of rugged ochre cliffs, and during the highest tides, up to one million litres of water rush through the gaps every second. This creates one of the largest regular tidal changes in the world – the Kimberley's Horizontal Falls.

into Koolama Bay. Hear how this harbour was renamed following the Japanese bombing of the MV Koolama in 1942. Next, it's onto the King George River. Join your expedition team and jump aboard a Zodiac to meander through the river's gorge system, passing mangrove-fringed coves and sheer red cliffs. Anticipation builds as your Zodiac approaches King George Falls, which plunge 80 metres over a soaring sandstone cliff. Edge closer to this epic cascade and learn how it turns to a raging torrent during the monsoonal wet season. **BLD**

#### Day 10: Day at Sea

Relax and ease into a full day at sea, enjoying the endless horizon. Perhaps take a swim in the onboard pool, pamper yourself in the wellness area, or head below deck to Le Bellot's underwater observation area for a stunning window into marine life below the ocean's surface. **BLD**

Nine Nights: MS Island Sky.

### Day 02: Rowley Shoals, Mermaid Reef

Prepare for a full day of adventure as your ship cruises into the Rowley Shoals Marine Park this morning. This incredible area is made up of three coral atolls that are believed to have been formed more than 10 million years ago. Home to clear lagoons, untouched coral gardens and an abundance of marine life, Rowley Shoals is a true marine paradise. You'll find some of the world's best diving and snorkelling sites here. Join your expedition team, hop aboard a Zodiac and head to pristine Mermaid Reef, home to more than 200 species of hard coral. Catch your first glimpse of life below the surface during a snorkelling expedition. **BLD**

### Day 04: Karratha, Burrup Peninsula, Dampier Archipelago

The region is rich in Indigenous cultural heritage, with up to a million ancient rock petroglyph carvings that will soon be nominated for World Heritage listing. View these marvels with an Indigenous guide. You will also visit Woodside's industrial complex at the North West Shelf Visitor Centre. The tour provides an insight into the scale of these massive operations and their importance to the WA economy. ### Day 05: Montebello Islands

Arrive at the Montebello Islands Marine Park today and set out on a Zodiac exploration to discover its rich maritime heritage. The islands gained international notoriety when three British atomic weapons tests were carried out here in 1952 and 1956. The atomic weapons were exploded on Alpha and Trimouille islands, and on the warship HMS Plym, which was anchored on the west side of Trimouille Island. You'll have the chance to join your expedition team and step ashore on Trimouille Island to see the wreckage of the HMS Plym. **BLD**

Vibrantly coloured soft corals can be found in abundance here, and the waters are perfect for snorkelling and scuba diving – which is what you'll be doing today. Turtles love the soft corals here, so be sure to keep an eye out for them as you discover life underwater. **BLD**

### Day 07: Coral Bay

★ Today is sure to be a memorable one as you cruise outer Ningaloo Reef in search of humpback whales. These incredible creatures migrate through the coast near Ningaloo in pods from July right through to November. If you're lucky enough, perhaps catch a glimpse of them slapping their tail flukes on the surface as they play in the water. **BLD**

### Day 08: Shark Bay, Dirk Hartog Island

★ Arrive in Shark Bay today, home to hidden bays, shimmering turquoise lagoons, remote peninsulas, towering limestone cliffs, and pristine white-sand beaches. Stretching over more than 1,500 kilometres of coastline from Kalbarri to Carnarvon, Shark Bay became Western Australia's first World Heritage-listed area in 1991. The area is one of Western

Australia's most biologically rich habitats. Its sheltered bays and beds of sea-grass provide the perfect habitat for dugongs, sea turtles, humpback whales, dolphins, stingrays and sharks. Head to Ocean Park Aquarium, an award-winning eco-friendly aquarium located on the shores of the Shark Bay Marine Park. Later, at Dirk Hartog Island, set out on a guided exploration of the Homestead to discover the island's fascinating history. Head to Surf Point, on the southern end of the island and look for sharks schooling in the shallow waters before continuing to Steep Point, just across South Passage. As the westernmost point of Western Australia, Steep Point is an ideal place to see the spectacular Zuytdorp Cliffs, rising some 170 metres above sea level. The cliffs provide the perfect viewpoint for a spot of whale watching. **BLD**

#### Day 09: Abrolhos Islands

Today will be spent exploring the Abrolhos Islands. More than 120 unspoilt islands lie clustered here, spanning more than 100 kilometres just off Western Australia's north coast. A group transfer is generally a shared transfer and the type of vehicle used will normally be dependent upon the size of the group.

### Choosing Your Holiday

The holidays contained within this brochure are for departures between 1 May and 30 September 2021. To maximise your enjoyment of your APT holiday and to ensure that it lives up to your expectations, it is important that you choose the right holiday package for you. Our brochures contain limited information, however, there is more information online at [www.aptouring.com.au](http://www.aptouring.com.au) and our qualified staff are available to discuss your options.

### Hotels

In more remote places, hotel standards may not be quite as high as in major centres. APT endeavours to utilise the most suitable accommodation available in each destination to ensure that passengers enjoy high levels of cleanliness, comfort and service. The hotels listed in this brochure will be used on almost all holiday packages, however, if a change is necessary for any reason, APT will endeavour to ensure that alternative accommodation is of an equivalent standard to those shown.

### Twin or Double Rooms

Accommodation in all hotels, regardless of the rating, is in standard rooms (sometimes named superior/deluxe) based on twins or doubles unless otherwise stated.

### Solo Travellers

A limited number of single rooms may be available at time of booking. Single rooms may be smaller than twin or double bedded rooms and may have a single bed.

### Passengers Needing Special Assistance

APT welcomes passengers with disabilities or special needs however, please note the following:

1. Any disability or medical condition requiring special attention must be reported to APT at the time of booking including all important information relating to your health, mobility and fitness which may affect your partial or total participation in the cruise or tour. This information is also crucial to allow APT to ensure the tour you have chosen is suitable and meets your needs. Any changes to health, mobility and fitness must also be reported to APT as soon as possible and prior to departure. Where possible APT will make reasonable adjustments to the tour to accommodate your special needs however, it cannot do so if the adjustment required would be unreasonable in all of the circumstances, including if such adjustments would affect your safety and/or the safety and/or enjoyment of other passengers.

2. If you require special assistance or care (such as pushing a wheelchair, assistance with dressing or assistance with walking or hearing emergency alarms unaided), you must travel with a companion capable of providing the required assistance or care. Please be aware that APT does not provide personal assistance and consequently deaf passengers must share accommodation with a person capable of hearing alarms, and are ineligible to travel alone in single rooms or cabins. APT is unable to assist any passenger with walking, dining, boarding or disembarking any transportation vehicles (including river and ocean cruise ships and trains). To safely participate in embarkation and disembarkation you must be able to do so without the need for special assistance. You must also be able to do so without unreasonably impacting other passengers' safety and/or enjoyment.

3. While APT will make reasonable efforts to accommodate the special needs of disabled passengers, it is not responsible for any denial of services by any third party entities it has travel arrangements with, such as carriers, hotels, trains, restaurants or other independent suppliers, or for any additional associated expenses charges by those parties.

4. Please note coaches and minibuses are not equipped with wheelchair ramps. Most river and ocean ships have elevators, however not all APT ships have elevators. Many ships require the use of stairs to go between decks. Further, side by side docking may require passengers to climb and descent stairs to cross over vessels to disembark and embark at times. APT ships often sail through remote areas that do not have convenient docking facilities. In such circumstances it will be necessary for passengers to negotiate temporary gangplanks and uneven surfaces. If the crew decide that it is not safe for a passenger to negotiate such operations they may require passengers to stay on board. Cabin doors and restrooms may not be wide enough to allow access by standard wheelchairs. Wheelchairs and walkers cannot be carried on coaches, due to space limitations. For safety reasons, passengers in wheelchairs cannot be carried on ramps in ports where the river or ocean cruise ship is at anchor. APT is unable to provide individual assistance to any passenger for walking, dining, disembarking or embarking cruise ships and/or coaches or other transportation vehicles or other personal needs.

### Health & Fitness

A good level of fitness and health is required to participate on APT's holiday packages. In some destinations there are extensive sightseeing excursions by foot which includes the climbing of stairs. Mobility is needed boarding or alighting coaches, river or ocean cruise ships and/or trains. We recommend a visit to the doctor before travelling to overseas destinations and consult with them regarding any vaccinations which may be required. It is your responsibility to advise APT of any pre-existing medical conditions that may affect the normal conduct of a holiday package and the enjoyment of other passengers. A Health, Fitness & Mobility Questionnaire will be provided and requested to be completed at the time of booking if you advise of any health, fitness or mobility issues. APT is not liable for any injury, illness, or loss of enjoyment which could have been reasonably prevented had we been made aware of a pre-existing condition and been provided an opportunity to review it. As we are cruising in remote areas at times, and the ship's captain or doctor (as the case may be), has responsibilities under a duty of care, they may require you to complete further details with regard to your fitness to travel immediately prior to boarding. Their decision regarding your suitability to travel will be considered at this time and will be final. Consequently, it is very important that you declare any medical conditions or impairments well in advance to enable accurate assessments to be made. We will not be responsible for any costs associated with cancellation penalties or the return of passengers from a tour, and a refund for lost touring cannot be claimed should a ship's captain or doctor subsequently deny boarding.

### Signature Experiences Excursions

Minimum and maximum group numbers apply on some Signature Experience excursions.

### Public Holidays & Festivals

Most countries have public holidays, religious or otherwise. Festivities may temporarily disrupt your holiday and some religious holidays may result in a reduction of facilities and entertainment.

## BOOKING AND PAYING FOR YOUR HOLIDAY

### Airfares

Air travel is arranged with independent airlines. APT will arrange air travel as advertised in connection with your holiday package or otherwise arranged with APT. All airfares are subject to flight and booking class availability. Airfares will be booked and ticketed upon receipt of your deposit to avoid price or tax increases. Airport taxes vary for each departure point and routing of airline. Airline schedules are subject to change without notice. Once air tickets are issued, airline amendment and/or cancellation fees apply and, in some cases, are non-refundable. Name changes and voluntary date and schedule changes will incur fees. APT is not liable for delays or disruptions of air travel. Once tickets are issued APT will have no other liability and will not be responsible for refunding the cost of any services booked in conjunction with the flights.

### Airline Loyalty Points Eligibility

APT uses the services of a range of airlines in its packages. APT does not warrant that its airfares attract loyalty points as airlines control the applicability of loyalty points in all cases. Requests to use loyalty points to upgrade travel need to be directed to the airline concerned by the member.

### APT Deposit Cancellation Peace of Mind

Applicable when an upfront fee of \$95 per person is paid with your deposit. The holiday package can be cancelled prior to the final payment date and your deposit will be retained as an APT holding credit to be used for future bookings. If Deposit Cancellation Peace of Mind is claimed, monies held must be used on a future tour and cannot be redeemed against the original tour departure date. Deposit held in credit will exclude fees imposed by third parties, including but not limited to air travel, rail travel and hotels. When booking airfares through APT (including when taking advantage of a special offer that includes air travel), standard airline cancellation fees will apply. In some cases, airfares will be non-refundable. In the event of cancellation, these fees will be deducted from the deposit paid, and therefore the credit being held. APT Deposit Cancellation Peace of Mind applies to new bookings only and is only valid up until 100 days prior to travel. After three years, unused credit funds will incur the original cancellation conditions as per brochure. This does not replace travel insurance, which you are required to purchase at the time of booking.

### Travel Insurance

Travel Insurance is not included in your holiday package. For your protection, you are required to purchase comprehensive travel insurance that includes (without limitation) coverage for the full cost of your holiday package, medical expenses, loss of luggage, land content and airfare charges that may occur due to cancellation, impossibility of performance or other frustration, disruption, loss of deposit or strikes, and provide a copy to us.

### Travel Information & Documents

After booking you will receive an invoice with all important information relevant to your holiday package. We strongly recommend you check the details carefully and read the included information. Please ensure that you check your flight timings carefully on your tickets, particularly early am departures. Approximately 21 days before departure you will receive your e-ticket together with your final itinerary. However in the case of late bookings, charges or late payment, tickets may be emailed to you.

### Special Requests

Where a special request (e.g. diet, room location, twin or double bedded room, a particular facility at a hotel, flight seat requests and/or particular meals) is an important factor in your choice of holiday, you must advise us when your booking is made. APT will pass your request onto the hotel, airline or other supplier but cannot guarantee that it will be accommodated. APT will also pass on any dietary requests to the airline but we strongly recommend that you check directly with the airline once your tickets have been issued. The provision of any special request does not constitute a term of your contract with us. Confirmation that a special request has been noted or passed on to the supplier or the inclusion of the special request on your confirmation invoice or any other documentation is not confirmation that the request will be met. Unless and until specifically confirmed, all special requests are subject to availability.

### Credit Card Surcharges

If you pay APT by credit or debit card, surcharges will apply. In the case of credit cards a surcharge of between 1% and 3% (depending on the card used), will be added to the tour price. In the case of debit cards a charge of 0.5% will be added to the tour price.

## IF YOU WANT TO CHANGE OR CANCEL YOUR HOLIDAY

### Changes or Additions to your Holiday

If you want to change any part of your holiday arrangements after the invoice has been issued, we will do our best to make the change, but it may not be possible. Any request for changes must be made in writing by the person who made the original booking, or his or her travel agent. If it is possible to make the change, it will be subject to an administration charge of \$70 per person and payment of any further costs incurred as a result of the change.

### Cancellation Policy

For all holiday packages in this brochure, the following APT cancellation fees apply:

Days of Notice Prior to Departure	Fee Per Person
100 days or more	Loss of deposit
99-81 days	35% of holiday package price
80-61 days	50% of holiday package price
60 days or less	100% of holiday package price

All cancellations must be received in writing by APT and are not effective until this notification has been received. If your holiday has commenced, 100% of the full holiday package price is charged. There is no refund for unused services or if portions of the holiday package are missed. Additional cancellation fees may also be charged in respect of accommodation reserved outside the holiday package dates. These cancellation fees are in addition to any fees that may be levied by APT and your travel agent (if any). You acknowledge that the amounts estimated under the Cancellation Policy are reasonable and represent a genuine pre-estimate of APT's loss and are otherwise reasonably necessary to protect the legitimate interests of APT. If you request changes, or amend your booking in any way after APT has issued your documents, APT may charge you an administration and processing fee of \$70 per person in addition to any applicable cancellation fees.

### Cancellation of Ticketed Airfares

An APT cancellation fee of \$50 per person applies for ticketed airfares, in addition to any airline cancellation fees that are applicable.

### Changes to Ticketed Airfares

If you wish to amend the date or routing on your ticketed air booking, an APT amendment fee of \$30 per person for the first change and \$85 for any subsequent changes will be charged in addition to airline change fees and additional taxes that are applicable. If, for any reason, a name change to a ticketed airfare is required, a \$125 per person name change fee will apply for every change in addition to any applicable airline fees.

## IF WE NEED TO CHANGE OR CANCEL YOUR HOLIDAY

APT endeavours to provide you with all the services confirmed to you at the time of your booking. However, we plan arrangements a long time in advance of your departure date using independent suppliers such as airline, hotels etc., over whom we have no direct control. On occasions changes do have to be made, and APT reserves the right to cancel or amend holiday packages/excursions accordingly.

### Brochure Accuracy

APT has endeavoured to ensure that the information given in this brochure about accommodation, itineraries etc., is correct to the best of its knowledge at the time of going to print. However, advertised descriptions and facilities and prices may change after publication. We recommend that you confirm the details of your chosen holiday package at the time of booking. Additionally, flight times, carriers and routes in the brochure are given for guidance only as there may be changes. Final details will be shown on your tickets. Holiday package or excursion itineraries may change or be different from those described in the brochure as a result of local conditions, weather conditions, annual events. APT will endeavor to notify you of any significant changes prior to your departure.

### Flight Changes

The flight timings shown in our brochure, on our website and detailed on your confirmation invoice are for guidance only and are subject to alteration and confirmation. Flight timings are set by airlines and affected by events outside our control. Scheduled and charter flight timings, and days of operation are also subject to change. APT will advise you of any significant changes as soon as it is informed by the airline. Minor timing changes will be shown on your flight tickets. Any change in the identity of the airline, flight timings or aircraft type (if advised) will not entitle you to cancel or change to other arrangements without paying any applicable cancellation fees except where specified in these booking conditions.

### Force Majeure

Force Majeure means the occurrence of an event that is beyond APT's reasonable control and which could not have been reasonably prevented by APT, which includes, but is not limited to: (a) war, armed conflict, criminal damage, riot, civil strife, industrial dispute, terrorist activity or the threat of any such acts; (b) natural disaster (including but not limited to flooding, fire, earthquake, landslide), adverse weather conditions, high or low water levels; (c) nuclear or other industrial accident causing environmental pollution or contamination; or (d) change in law, meaning, enactment, amendment (including repeal) in the law or administration of any law in Australia or any jurisdiction or territory relevant to the booking contract, which includes changes in statute, regulation, determination, by-law, declaration, license and the common law as applicable from time to time.

### Termination of Booking Contract or Change of Travel Arrangements due to Force Majeure

If APT, in its reasonable opinion, considers that any Force Majeure event prevents APT (whether directly or through its employees, contractors, subcontractors and agents) from

lawfully or safely providing any products or services subject of the booking contract with you, APT may immediately by written notice: (a) terminate the booking contract (in whole or in part); or (b) change your travel arrangements as reasonably practicable to ensure your safety and invoice you for any additional costs.

### Limitation of Liability in the Event of Force Majeure

In the event of a force majeure event making it impossible or unsafe for APT to deliver all or part of the Holiday Package, APT will refund the customer for the unperformed part of the Holiday Package less any reasonable losses incurred before cancellation. Losses may amount to a substantial proportion of the booking price. APT will use reasonable endeavours to minimise losses incurred by customers. Customers must take out travel insurance to protect themselves against loss in the circumstances.

## ON HOLIDAY

### Frequent of Choice Dining Inclusions

APT reserves the right to change restaurants should circumstances warrant.

### Noise & Vibration

Reasonable steps are taken to minimise noise and vibration on cruise ships. You acknowledge and accept that some noise and vibration may be experienced on vessels and that APT is not liable to you for any such noise and vibration.

### Seat Allocation on Coach Tours

To ensure all passengers enjoy forward and window facing seats, we have incorporated a daily seat rotation system. This system is not able to be adjusted to suit individual needs under any circumstances.

### Local Purchases

APT is not responsible for any items you may purchase locally i.e. jewellery/furniture etc. You acknowledge that you are solely responsible for any import duty or freight costs.

### Disruption to Itinerary Arrangements

Itineraries are intended as a guide only and are subject to alteration without notice. Alterations may be necessary for various reasons including, without limitation, road or weather conditions, strikes or other reasons beyond APT's reasonable control. If conditions render any routes unsafe for navigation, APT reserves the right to provide alternative services including but not limited to accommodation. Under normal conditions, itineraries will operate as far as possible as detailed in this brochure. However, sometimes for reasons beyond our control, it may be necessary to make alterations to your itinerary. For example, it may be necessary to operate part of the itinerary by coach and alternative sightseeing may be included. APT will not be liable for any direct or indirect costs that you incur as a result of any event or other factor beyond our control which necessitates a change in your itinerary. APT cannot guarantee exact arrival and departure times for carriers and operators used by APT and APT will not be liable for failure to make connections with any other services or attractions beyond its control.

### Personal Belongings & Lost Items

For security reasons valuables should be kept to a minimum and packed in your hand luggage along with your medicines, camera, electrical or battery-operated appliances, as well as basic essentials such as a change of clothing and toiletries. It is your responsibility to look after your property at all times and you must ensure you are adequately covered by comprehensive travel insurance in the event of any loss.

## ON RETURN FROM YOUR HOLIDAY

### Data Protection Policy

Any personal information (including sensitive information and health information) that APT obtains and retains from you or about you is necessary for our business purposes. Our Privacy Policy details why we collect this information, who we may disclose it to (including overseas recipients), and the main consequences if we do not collect it. Our Privacy Policy also contains information about how you may seek access to, or correction of, the personal information held about you, and our complaint resolution procedures. Our Privacy Policy is available at [www.aptouring.com.au/privacy](http://www.aptouring.com.au/privacy) or by request to us. By providing personal or sensitive information to us, you are agreeing to the terms of our Privacy Policy.

## GENERAL INFORMATION

### Limitation of Liability

1. Our holiday packages include the services of independent providers, such as hoteliers, airlines, cruise companies and other operators, who are not agents, servants or employees of APT. Although we take care in selecting the independent service providers and the optional excursions conducted by some independent service providers, APT is not responsible for the conduct of the independent service providers, their servants and agents or for any ramifications of that conduct. Optional excursions may, depending on your holiday package, include activities such as climbing, exploring, bike riding, swimming and snorkelling. You accept and assume the risk involved with these activities.

2. If, in the opinion of any representative of APT, your mental or physical condition, or general behaviour is such as to affect your own health and safety, render you incapable to care for yourself, cause you to become a hazard to yourself or other passengers or result in you becoming objectionable to other passengers or staff, you will not be permitted to embark or continue on the whole or any part of the holiday package. Abuse or harassment of any kind toward crew, contracted suppliers or other guests may result in immediate removal from the tour or cruise. APT is not liable to you for any costs associated with such decision and you will not be refunded for any part of the holiday package.

3. APT accepts no responsibility for any death, injury, illness, loss (including loss of enjoyment), damage, detention or delay (including mechanical breakdown) beyond its control.

4. Any term, condition or warranty express or implied by statute or otherwise in respect of the holiday packages contained in this brochure are excluded to the full extent permitted by law. Nothing in these booking conditions excludes, restricts or modifies the application of the Competition and Consumer Act 2010 (Cth) as amended, consolidated, supplemented or replaced.

5. To the full extent permitted by law, APT's liability arising under or in connection with these booking conditions: (a) is limited to the re-supply of the products or services or the payment of the cost of re-supply of the products or services to you; and (b) excludes liability for any indirect or consequential losses suffered by you or any third party, howsoever caused, including but not limited to pure economic loss or any special, extraordinary or punitive damage to you or any other party.

6. Your travel agent will forward deposits and other payments to us on your behalf, but your travel agent is not our agent for the purpose of receipt of monies. Receipt of deposits and subsequent payments by the travel agent does not constitute receipt of those monies by us and the travel agent has no authority expressed or implied to receive monies on our behalf. There is no liability on the part of APT in respect to any monies paid to your travel agent unless and until APT notifies you (by way of a booking confirmation advice or payment receipt advice) that monies have been received by APT. APT reserves the right to cancel any ticket or booking or refuse to carry any passenger where payment has not been received by APT within the specified time.

7. Specific meal requests are requests only and cannot be guaranteed.

### Medical Assistance

APT does not employ medical staff on ships or at our accommodation, with the exception of the MS Caledonian Sky and MS Island Sky. If you require medical attention, local medical services can be contacted immediately. You are responsible for all charges that result from a visiting a medical facility, or for a medical practitioner visiting you. APT is not responsible for the type or quality of the medical services you may receive.

### Smoking

Government regulations forbid smoking in tourist coaches, however frequent stops are made for those wishing to smoke. Smoking is not permitted in hotel rooms or cabins. Requests for smoking/non-smoking rooms will be passed on to hotels but cannot be guaranteed. For cruises there will be a designated area for smoking, and smoking not permitted in any other areas.

### Service Enquiries

If a problem occurs during your holiday you should, in your own interests, advise your tour director so that steps can be taken to resolve the matter. If you remain dissatisfied, any complaint must be made in writing to APT within 30 days.

### Luggage Limits

Each passenger is entitled to take one piece of luggage that does not exceed 160cm (63 inches), or weigh more than 20kg (44 pounds). Dimensions for checked baggage are calculated by adding together the width, height and depth of the piece of baggage. An extra charge will be imposed to cover portage handling of any additional luggage. Your tour director will advise you of the exact additional charge.

# Glossary

## Clarifying the intricacies of an APT expedition cruise.

### a

#### Adaptors & Electricity

On 4WD land adventures, our wilderness lodges generate their own power. Each lodge can assist in charging items such as cameras in central dining areas.

MS Island Sky voltage is 110V/60Hz (American standard) with a 220V razor socket. This is only suitable for low-voltage electrical appliances, e.g. mobile phone or camera charger. A two-pin American adaptor is recommended for the 110V plug.

Electrical outlets aboard Le Bellot, in the suites and public areas, are 220V – two round-pin European socket, and 110V – two flat-pin US socket.

### b

#### Beverages

A selection of alcoholic beverages is included at your discretion aboard the MS Island Sky and Le Bellot. Most lodges and hotels in the Kimberley are licensed to sell alcohol. They stock a limited range of alcoholic beverages for purchase, allowing guests over 18 years of age to enjoy an evening drink. Guests cannot bring their own alcohol. Alcohol is not permitted in some areas visited.

### c

#### Currency

The Great British pound sterling (£) is the official currency used on board the MS Island Sky, while Le Bellot uses the Euro (€). Settlement of shipboard accounts is accepted with American Express, Visa, MasterCard or cash (GBP/Euro).

### d

#### Dining

On our 4WD land adventures, there's nothing standard about the meals. Enjoy a buffet breakfast with hot and cold options; grab a packed lunch before you head out for the day; then savour a chef-prepared three-course dinner each evening.

All meals are included on board your cruise, including morning and afternoon tea. There are two dining venues on MS Island Sky – the Restaurant and the Lido Deck (which offers al fresco dining) both with open seating policy. Le Bellot features a panoramic restaurant on Deck 4 which opens to the outside, as well as an outdoor grill for barbecues on Deck 3.

### e

#### Expedition Cruising

Expedition cruises are more active and involve regular use of Zodiac vessels. These cruises feature a taste of exploration and adventure with an expedition team including naturalists, marine biologists, historians, geologists and photographers. Embark upon a path less travelled, going where few have gone before. A sense of adventure is required to take advantage of opportunities as they occur to enhance your cruise.

### f

#### Flights to/from Kununurra

Alliance Air operates regular scheduled flights from Melbourne to Kununurra and vice versa, departing from Melbourne Airport's Jet Base.

The flights will be available for passengers on cruises and tours commencing and concluding in Wyndham or Kununurra. APT will transfer you from Wyndham to Kununurra for your onward flight, either before or after your cruise/tour.

If Melbourne is not your home city, you can book an onward flight to your home city with Virgin Australia.

### h

#### Health & Fitness

As Kimberley tours visit remote areas and feature activities with varying degrees of difficulty, it is vital to select a tour with an activity level suited to your health and fitness.

A good level of fitness is essential for you to undertake walks in hot conditions and over terrain with uneven and slippery surfaces. Some walks will require you to clamber over boulders up to one metre high.

The nature of expedition cruising requires regular embarkation/ disembarkation of Zodiacs for shore access, as well as wet landings on remote beaches, where footwear will get wet. Guests must be able to climb ramps and step in and out of smaller vessels. There is a lift on board both vessels which services all decks. Walking frames are not permitted on tour.

It is your responsibility to carry any medication (which may require a cooler bag). Consult your local medical practitioner for any health advice.

## I

### Internet & Wi-Fi

Wi-Fi internet is included on board both ships, however it is not guaranteed. Mobile phone coverage is not available during the cruise due to remote locations.

## L

### Laundry

On 4WD land adventures, hand washing facilities are available at each of our wilderness lodges (however, washing is not encouraged at Bungle Bungle Wilderness Lodge due to water conservation principles). In larger centres such as Darwin, Kununurra and Broome, hotels feature coin-operated washing machines and dryers. Both ships have laundry facilities available and price lists are available in your suite.

### Library

Our ships have a collection of books and games available for guests to borrow free of charge.

### Luggage

As a general rule, airlines permit passengers in economy class to take one piece of luggage that does not exceed 160cm (63 inches), or weigh more than 20kg (44 pounds). We advise you to contact your airline carrier or travel agent for specific information prior to departure, as size and weight limitations may vary.

Due to the size of 4WD vehicles and strict regulations for vehicle weight, there is limited luggage capacity. Please pack your required items into one small bag (no hard suitcases) weighing no more than 16kgs. Alternatively, suitcases are acceptable if they fit within the following dimensions of 66cm length x 35cm width x 32cm height. APT duffle bags are available, enquire for more details. If you have excess luggage, please arrange for it to be stored at your hotel if returning to it post tour or organise for it to be forwarded to the tour's final destination.

Each guest is entitled to take one piece of luggage on your cruise that does not exceed the above specifications.

## P

### Passports & Visas

If you are travelling aboard the MS Island Sky or Le Bellot, we recommend you have a passport valid for at least six months from the return date. It is your responsibility to ensure passports are obtained prior to departure. No visas are required.

## T

### Travel Insurance

Travel insurance is mandatory on all cruises. Purchase comprehensive cover for any unforeseen circumstances that may arise on tour or before leaving home (this includes cover for any cancellation penalties, remote evacuation, medical and curtailment expenses, loss of luggage, etc.).

## W

### Weather

May through to September are the best months to travel to the Kimberley. The Kimberley region is characterised by both a tropical and monsoonal climate, which can be divided into two seasons – a wet season and a dry season.

The dry season (May to October) is mild to warm during the day, although temperatures can drop significantly to be very cold at night. The weather tends to be more stable at this time of year so you can expect clear blue skies, light breezes and dry weather most days.

From June to August, the days are fine and warm with cold nights (average maximum 29 degrees Celsius). Inland conditions at night can drop to below zero degrees Celsius. Rainfall is rare.

We recommend layering clothing in the evenings when travelling during this time of year.

The wet season (November to April) is warm to hot, and humid with spectacular thunderstorms, lightning displays and amazing sunsets. The downpours tend to be brief and dramatic, and the flora flourishes in these months. Most roads are inaccessible at this time.

When cruising, the start of the season is ideal for waterfalls, while late in the season in August and September, whales are likely to be spotted.

## Z

### Zodiacs

Zodiacs are versatile inflatable boats which provide a unique platform for observing wildlife and enjoying landscapes from sea level, enabling you to get closer to the sights. They provide a fast and safe way of going ashore in remote locations and are invaluable for exploration.
