WELCOME TO ANZCRO AUSTRALIA

THE DIVERSE NATURAL AND CULTURAL LANDSCAPE OF AUSTRALIA IS INSPIRING.

From the endless space and changing colours of the Australian Outback and Red Centre to the awe-inspiring national parks of the Top End. From the big city excitement of Sydney and Melbourne to the underwater wonderland of the Great Barrier Reef, with miles of pristine, sun-loving coastline in between. Discover 40,000 years of indigenous history, wildlife you never thought existed and local characters whose warmth and humour will stay with you long after you return home.

As one of the UK's leading and most innovative travel specialists, we promise to show you the real Australia. With over 20 years experience and knowledge in arranging holidays for hundreds of thousands of travellers, ANZCRO's expertise in organising meticulously planned itineraries will ensure that you end up with the holiday you want!

ANZCRO is your one stop travel shop to Australia ... we can co-ordinate all elements of your holiday including flights, stopovers, accommodation, sightseeing and tours from start to finish. Simply ask your travel agent to contact us for a free quotation and itinerary.

PEACE OF MIND

It is important to know that you're booking your holiday with a financially secure and fully bonded tour operator and that your money is protected. ANZCRO is fully licensed and bonded with ABTA, ATOL & is an IATA accredited agent meaning that all flights, air holidays and land arrangements booked by us are fully protected.

GETTING TO AUSTRALIA

Over a dozen airlines will fly you directly from the United Kingdom to Australia, with most offering multiple stopovers en route in the United Arab Emirates, Asia, North America, New Zealand and the Pacific Islands. Airfares will vary depending on the time of year, your preferred airline and your chosen class of travel but ANZCRO will find you the best deal available that suits your travel needs... simply have your agent contact one of our travel specialists for details and prices.

ENJOY A STOPOVER ON YOUR WAY

Unfortunately, there is no escaping the fact that Australia is about as far away from the United Kingdom as you can fly and the travel time is roughly the same whether you fly via the East or West. However, this means that you can take the opportunity to stopover in new and exotic destinations for very little extra. If time and budget allows, we strongly recommend taking advantage of the many stopover packages ANZCRO can offer.

GREAT HOLIDAY IDEAS

With so much great product on offer, let us take away the stress of coming up with the perfect holiday. THE GHAN
EXPEDITION

THE GHAN EXPEDITION

Ready yourself for an incredible, one-of-a-kind experience on The Ghan Expedition. Beginning in Darwin, this epic four day, three night, 2979km tour will take you to some of the most remote yet captivating parts of Australia in style and luxury.

DAY ONE

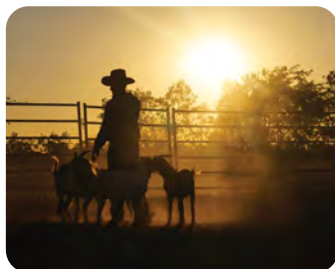

Your journey aboard the legendary Ghan begins at Darwin Rail Station where you'll take the small but momentous step from platform to carriage. Friendly staff will lead you through corridors to your comfortable private cabin where you can take your time settling in and exploring the amenities as the view outside your window begins its smooth and spectacular transformation.

Lunch in the Queen Adelaide Restaurant is bound to satisfy and delight with culinary wonders prepared onboard by our talented chefs. Ready to experience your first included Off Train Excursion. Choose between a relaxing cruise through Nitmiluk Gorge's ancient natural wonders and exploring the region's rich Indigenous culture, or experience a glimpse into the lives of those who call the outback home, with a fascinating day of discovery on a huge cattle station.

Cruise down Katherine River as the large rock formations of the Gorge tower over the calm water. Nitmiluk is home to the Indigenous Jawoyn people and many of their stories centre around the Gorge. Calls of the cicada resonate across the water between

the massive sandstone cliffs while you cruise down the First and Second Gorges listening to stories about how the Gorge came to be named. The sheer walls of the Gorge, etched by time and the elements, are home to a myriad of plant and animal life, much of it unique to this area and all playing a role to the lives of its traditional owners.

Back on board you'll return to the Queen Adelaide Restaurant, enjoying dinner as the sun sets over the outback. Then back in your cabin you'll find your bed turned down. As the train rolls soothingly onwards, fall asleep in awe of wonders seen, and excited by those yet to come.

DAY TWO

Wake up to a new view outside your window, in a world which feels a million miles from home. An outback sunrise could be one of the most spectacular you'll ever see, setting the tone for the day ahead. After coffee, a juice and a sumptuous breakfast you'll arrive in Alice Springs ready for another day of exploration.

Here you have the opportunity to embark on one of the included Off Train Excursions, taking in the delights of this famous outback town. A full day in Alice Springs gives you ample opportunity to visit the town landmarks, get up close and personal with Australia's incredible flora and fauna and explore the Alice with a choice of guided tours. There is also the opportunity to upgrade your touring with an optional fixed-wing scenic flight to Uluru with a guided base tour.

Come the evening you'll dine beneath a canopy of stars at an authentic Outback BBQ Dinner. This is a truly unique experience with live Australian music and a mouth-watering feast. After dessert, cast your eyes skyward and ponder life, the universe and everything with an informative astronomical talk. And with a full belly and deep sense of wonderment, it's back on the train to rest up and roll out of Alice Springs, fulfilled in every sense of the word.

DAY THREE

After breakfast this morning you'll wake up and rub your eyes with disbelief as we pull into the middle-of-nowhere stop at Manguri. Here, a friendly tour guide awaits ready to whisk you away for the day. Your destination - the sun-scorched opal mining capital of the world, Coober Pedy, where more than half of the residents live underground.

Venture into the tunnels and caves of this underground town, where you may even catch opal fever as you mine for riches, visit the otherworldly underground Serbian Orthodox church and take a glimpse of Umoona Opal Mine. Below the earth's surface, you'll enjoy a gourmet lunch in the most unique of locations before setting off to the stunning outback moonscape that is the Breakaways.

After an eye-opening action-packed day - if you haven't chosen to stay and find your fortune - it's back on board with plenty of time to ease into a slower gear and prepare yourself for your final evening onboard The Ghan Expedition. Dine in style in the Queen Adelaide Restaurant, meet and share stories with new friends in the Outback Explorer Lounge (open until late) or simply head back to the privacy of your cabin to wind down, read a book and plan your next epic journey.

DAY FOUR

Looking out of your window this morning you'll notice a dramatic change in landscape as the rich ochre tones of the outback make way for the beautiful green fields and pastoral lands of South Australia. After breakfast you'll have time to reflect on your journey before The Ghan Expedition rolls into Adelaide.

Here, you may wish to extend your stay with trips to the Barossa Valley or Kangaroo Island topping the to-do list. Or stay close to the city, nibbling, sipping and munching your way through the famous Central Market, perusing the revitalised Riverbank precinct (including the updated Adelaide Oval and free Donald Bradman Exhibition), before exploring a myriad of chic laneway restaurants, bars and entertainment venues in this, Australia's City of Churches.

Day 1 - Once you arrive on the island to start your journey you will join the signature Island Life tour that blends a range of wildlife experiences with an elegant barbeque at a private lunch site out in the bush. At Latham Conservation Park walk quietly through the bush with your guide - what makes that noise, who's tracks are those, and who left THAT little pile there? Look for wallabies which are almost extinct on the mainland, and a kangaroo found only on Kangaroo Island. At Seal Bay Conservation Park walk with your guide among Australian sealions on a beautiful sandy beach. Watch pups nursing, or playing in the surf, see old bulls bearing the scars of territorial disputes and learn about their unique breeding biology. The remainder of the afternoon is spent exploring more of the south east region of the Island with destinations and experiences chosen to reflect seasonal opportunities before being dropped to your accommodation for the evening.

Day 2 - This morning your tour will focus on Flinders Chase National Park. Explore some of Kangaroo Islands highlights and lesser known backtracks.
